

Support Your Favorite USAFA Cadet!

Attending the United States Air Force Academy is not a typical college experience. Cadets push themselves mentally, physically and academically as they prepare to serve their country as a commissioned officer in the United States Air Force or Space Force.

Your favorite cadet will undergo challenges that he or she never imagined, having to dig down deep to find the grit and determination to succeed.

To keep up the morale and well-being of our cadets, the Minnesota Parents' Club provides events and activities including:

- Annual spring banquet honoring new cadet appointees
- An in-depth orientation on the USAFA experience to welcome new cadet appointees and their families
- Minnesota Night, a Minnesota-themed, on-campus dinner and program
- Care packages, including treats and cookies before winter finals

Your support is important! Your tax-deductible donation to the USAFA Parents' Club of Minnesota will support these events and activities and help to ensure a cadet's successful USAFA experience.
